

HEAVY CONST. SUB-COMMITTEE MINUTES
4-18-17

Present: Seth Reece, Lloyd Condon, Richard Drew

Opened meeting @ 6:35 PM

Discussed various points that should be addressed that are not typical of ordinary construction such as:

- Practices that degrade public roads
- Improvements should adhere to Richmond's Master Plan
- Hours of operation
- Dust control
- Load limits on public roads
- Staging areas for construction

New regulations should be a guideline for large scale/heavy construction practices.

Be sure that the applicant understands that ALL subdivision, site plan, and excavation regulations are open to waiver by the Planning Board.

Try to incorporate these new regulations into the existing Subdivision, Site Plan, and Excavation regulations.

Meeting adjourned: 6:55 PM

Submitted by: Richard P. Drew
