

**HEAVY CONST. SUB-COMMITTEE MINUTES**  
**5-16-17**

Present: Lloyd Condon, Richard Drew

Opened meeting @ 6:47 PM

General observations regarding town roads to be considered for regulation;

- Damage to roads is possible during construction. Contractor/agent/owner should post bond. Road agent could set bond amount for driveways as is done for logging operations
- Pre- and post-construction inspection of roads.
- Frequent inspection of roads and site performed by Road Agent and/or civil engineer
- All public roadways must remain passable by automobile.
- Traffic safety is a priority for construction on, over, or under public roads.
- Town roadways and the construction site must remain open for emergency vehicles. Fire and police chief input?

Meeting adjourned: 7:12 PM
