Re: Town of Richmond Overwhelmingly Opposes the Proposed NED Pipeline

Dear Governor Hassan,

The town of Richmond at its March 2015 town meeting voted overwhelmingly to oppose the proposed Kinder Morgan/Tennessee Gas Company Northeast Energy Direct (NED) pipeline project. The voters passed two warrant articles, almost unanimously, instructing the selectmen to deny permission for any person to survey or take other steps on town land in furtherance of the project, to oppose the project and not allow it within the town borders, and to make our opposition known to our elected representatives. The warrant articles are attached for your review.

Accordingly, we ask you to listen to the voices of your constituents and to oppose this project that is so repugnant to our townspeople.

Please call or email me at selectman.jameson@gmail.com if you need any additional information.

Thank you for your attention,
